There is still much talk about form-  
ing another association of base ball  
teams in the city, although no orga-  
nization has been perfected, nor have  
any definite steps been taken as yet.  
The organization would embrace fully  
a half dozen of the local teams which  
are outside the league, and the object  
would be to divide the public attention  
between the two associations. Mem-  
bers of the East Akron Athletic club  
have been most active in trying to make  
such arrangements, and it is stated  
that they have met a fair measure of  
encouragement from members of other  
local teams. The West Ends may en-  
ter, the Werners have been approached,  
and others are candidates for member-  
ship should the second league be form-  
ed.

## STICK TOGETHER WELL.

There has been stronger feeling of  
fraternity and harmony among the  
members of the Peerless Bowling club,  
than has existed in almost any simi-  
lar organization in the city. Some  
of the members are the same as when  
the club was first formed several  
years ago, and ex-members, who have  
no longer time for active membership,  
have joined with the others in forming  
a social club. This club has been in  
the practice of having outings in the  
summer and parties of different kinds  
during the winter. The bowling con-  
tingent has also attended several meet-  
ings of the crack bowlers over the  
country, and has always acquitted it-  
self well. The last meeting for this  
season will be held at the Howard st.  
pool room tonight, and almost the  
principal item of business to be trans-  
acted will be the dates and arrange-  
ments for outings of the club this sum-  
mer.

## PRATER PLAYING WELL.

Prater, of Cleveland, is playing a  
great streak of pool this week, al-  
though he was defeated by Rampen-  
elli in his first game. He succeeded  
in downing Met Hard last night, by a  
score of 125 to 93. Both players work-  
ed as though they meant it, and as  
though they liked it, and the game  
was watched by the usual number of  
rooters. Prater will return to Akron  
Friday, for the purpose of playing a  
game with Strong and completing his  
week.

## MCLEOD HAD NO SNAP.

Weldemeyer, the motorman, was Dan  
McLeod's opponent at the wrestling  
feet at Cleveland last night. This  
young man displayed a great deal of  
agility and some science, keeping  
things going at a lively rate. After  
eight minutes, McLeod secured a vis-  
ible crotch and neck hold. It took the  
big Scotchman a full minute then to  
pin down Weldemeyer's shoulders. It  
was the best bout of the week.

## HARVARD COACH DEAD.

Boston, Mass., June 4.—Harvard or-  
nament of the past 35 years will bear  
regret of the death of Robert Clifford  
Watson, Harvard '69, who died in Mil-  
ton. Mr. Watson, when an undergrad-

uate, was prominent in rowing and a  
member of several of the crews. After  
leaving college he took an active part  
in the coaching of university crews, be-  
ing head coach several years, and aid-  
ing the head coach in other years. He  
was one of the prime movers in the  
movement to send the first American  
college crew to England, which crew,  
stroked by A. P. Loring, went to Eng-  
land, in 1870 and was defeated by  
Oxford. Mr. Watson was not a mem-  
ber of the crew but aided in the pre-  
paration for the trip.

BOULIDIN'S FORFEIT IS UP.  
On behalf of Clarence Bouldin, Wil-  
liam Jones has deposited \$25 as for-  
feit for Bouldin's appearance in a con-  
test with William Kurst as a pre-  
liminary to the Jenkins-McLeod match  
at Cleveland next week.

THE CLERKS ARE AMBITIOUS.  
The hall game which was to have  
been played on Buchtel field Monday  
afternoon between a team from the  
retail clerks and employees at the Ak-  
ron postoffice, will be played Thurs-  
day afternoon, Manager R. Clark Mil-  
ler, of the Postoffice team, was un-  
able to get his men on the field for the  
game as first dated, but he expresses con-  
fidence that the clerks will not be so  
"clipped" after the game is really  
played. The clerks are out with a chal-  
lenge for games with any or all of the  
following:

Newspaper men, the Police, the Fire-  
men, or any office team in the city.  
The only stipulation made is that the  
game be played after 4 p.m., any week  
day except Saturday. Communications  
should be addressed to John Wiley,  
care Standard Hardware Co.

## WILL GIVE THE SHOW.

The project for an athletic show by  
the South End Athletic club is not yet  
dead, and it was stated Tuesday by  
members of the club that the show will  
be given in a few weeks. The date has  
not yet been set, but this will be done  
in a few days. Club members say that  
their charter is all the permission they  
require for athletic shows and they  
are greatly incensed at what they term  
the unreasonable stand taken in the  
matter by Mayor Doyle, when he was  
asked for a permit. The entertainment  
will consist largely of athletic events,  
and will be given at the club house.  
Boxing will be on the program, but  
all will be conducted well within the  
law, and the show promises to be of  
great interest.

## ABOUT THE LEAGUE.

The teams of the City league are  
settling down to a condition where  
they play the game almost as well  
as they can play it, and from the  
standpoint of good sport, the organiza-  
tion is a success. Members of  
some of the teams have still to learn,  
however, that they are now under  
obligations to the public and that it is  
up to them to simply play the game  
and leave the rooting and remarks  
about players, if such things are nec-  
essary, to the audience, for base ball  
audiences at semi-professional or  
professional games, such as these are,  
believe this privilege to be theirs  
alone.

If the one thought that the games  
are business propositions and that the  
management of the league is the body  
to make kicks to, if they must be  
made, is instilled into the players so  
thoroughly that they will remember  
it, Akron will have a league of which  
she may well be proud, for the teams  
are mostly home products, and the  
enterprise which formed the league is  
home enterprise.

## POTTS WITH KENT.

Dan Potts, the Mogadore twirler, is  
among those who find the pace right  
around home fast enough for him.  
He is back again with Kent, and al-  
though there are reports that the Ak-  
ron league is after his services, there  
is no indication that he will come to  
this city.

## ABOUT BRACKEN.

The balloon ascension of Jack Brack-  
en, of Kent, has been completed, includ-  
ing the drop. Since leaving Kent last  
year, he has had varied experiences,  
the latest being his return to Kent,  
sadder, wiser and a little older than  
he was when, in the first flush of  
youthful success, his friends induced  
him to believe that he was fast enough  
for bigger teams and places than Kent.  
The Kent Courier lets Bracken down  
as easily as possible by saying the following:

"Jack" Bracken, failing to see finan-  
cial success in sight for the Western  
league, secured his release from Mil-  
waukee and came back to Kent last  
week. He has other openings under  
consideration.

# BUILT BY A WOMAN.

The Back-Yard Church Which Has Attracted  
Much Attention at Findlay.

Findlay, O., June 4.—Just on the east-  
ern edge of this city's most aristoc-  
ratic quarter stands a modest, newly  
erected frame structure, which has re-  
cently attracted a great deal of at-  
tention. The building stands at the  
rear and north side of a lot owned by  
Mrs. Manda James, and faces Wash-  
ington avenue. It is unique in the  
respect that it is owned by a woman  
and is to be used as a house of wor-  
ship.

Mrs. James is a widow with three  
children. She is of medium size and  
of rather a prepossessing appearance.  
Last February some of her neighbors  
of a deeply religious turn of mind be-  
gan holding meetings at the home of  
Mrs. James. The little band grew in  
numbers until it reached about forty.  
Several weeks ago Mrs. James claims  
to have had a vision in which the  
Lord appeared and commanded her  
to build a church on her lot. At the  
same time He unfolded the plans and  
gave her the exact location. The build-  
ing is a frame structure, 20x40 feet,  
one-story high and covered with a  
slate roof. The accompanying illustra-  
tion shows the church and the James  
residence, together with Mrs. James,  
her children and the builders.

A remarkable feature of the building  
of the church is the fact that Mrs.  
James did most of the work with her  
own hands. She has been assisted in  
the building of the church by three  
male members of her faith, two of  
whom are one-armed men.

Some years ago Mrs. James and her  
husband separated, the latter marry-  
ing again. Since then Mrs. James has  
supported her little family by doing  
janitor work in the Standard Oil and  
other offices of the city, her working  
hours being from 5 o'clock in the even-  
ing until midnight. When she began  
the erection of her church, relatives in-  
stituted lunacy proceedings against  
her, giving as a reason that they  
thought she would dissipate her means  
and be unable to support her children.  
When the day of the trial came her  
neighbors rallied to her support, and  
the case was promptly dismissed. One  
of her neighbors in giving her testimony  
stated that Mrs. James was the only  
woman in the neighborhood who didn't  
gossip and who attended strictly to her  
own business.

When asked what her object in build-  
ing the church was, she stated that it was  
in obedience to the vision of the Lord,  
and, second, to provide a house of wor-  
ship for those who shared her belief and  
to gather the children of the neighbor-  
hood into the place for Bible instruc-  
tion on Sunday afternoon. When com-  
pleted the church will cost about \$500,  
most of which will be met by Mrs.  
James. The windows were put in  
place Saturday, and the first services  
in the building were held Sunday.  
The neighbors call those who worship  
with her "Shouting Methodists," but  
they call themselves Holiness People,  
and have christened their little house  
of worship God's Holiness Chapel.

# SOAP FACTORY

Will Remove Outside  
the City.

Mr. Adam Duncan Contracts For  
a New Building.

The conflict between the Health  
Board of the city, and Mr. Adam  
Duncan, proprietor of the Akron Soap  
Co., has at last taken a turn which  
will mean the abatement of all the  
trouble. Mr. Duncan, at the time his  
case was last heard, in which he was  
charged with maintaining a nuisance,  
was given until June 1 to abate that  
nuisance. June 1 came and there was  
no indication that there would be an  
immediate abatement, so a visit was  
made to the place by Sanitary Police-  
man M. W. Hoyer, a few days ago,  
with the result that Mr. Duncan was  
at City Hall, Monday morning.

There was a long conference there  
and then Mr. Duncan announced his  
plans, and secured another continu-  
ance of the case until June 20, by  
which time he expects to have a new  
factory completed. Mr. Duncan states  
that he has already given the contracts  
for a new two-story structure, 60x100  
feet, to which the soap factory will be  
removed as soon as the building is  
ready.

This ends a case that has been the  
cause of a great deal of litigation.

# BLIER FAMILY.

It Has Had Much Sorrow of  
Late.

(Special Correspondence.)  
Clinton, June 3.—Chas. E. Blier was  
born Feb. 13, 1875, near Clinton, and  
died May 29, 1902, at the home of his  
parents, Mr. and Mrs. W. H. Blier,  
north of town. Mr. Blier was one of  
the young men injured at the explo-  
sion in the clay pit near Barborton.  
He was married Feb. 20, 1901, to  
Miss Nellie Price, who with his father  
and mother, and four brothers and  
four sisters, survive him. One brother,  
Edward H., served in the U. S. army  
in the Philippines, and was brought  
home and buried at this place, March  
30, 1900. Mr. Blier was a member of  
Akron Tent No. 126, K. O. T. M., and  
Clinton Tent No. 20, K. O. T. M., had  
charge of the funeral services, Rev.  
Yoder of Barborton, officiated at the  
services.

The body of Robert Bittaker, who

was killed outright in the explosion  
at the clay pit, was buried at this  
place Sunday afternoon.

Mr. Faust, of Akron, who is attend-  
ing Heidelberg College, preached at  
the Grill church, north of town, Sun-  
day.

Mrs. Jacob Smith and daughter, of  
Barborton, visited with Clinton rela-  
tives over Decoration day.  
The Decoration day exercises were  
well attended, and were of a character  
befitting the day, and in keeping with  
the high order of former years. Bur-  
ton City band headed the procession,  
and was followed by the members of  
the G. A. R., school children, Gen. Joe  
Hooker Council, No. 173 Jr. O. W. A.,  
M. Clinton Tent, No. 20, K. O. T. M.,  
and Clinton Hive, No. 6, L. O. T. M.  
After the G. A. R. and the various  
orders had decorated the graves of  
their dead, the procession was re-  
formed and marched to the Disciple  
church, where the services were held.  
Rev. A. M. Jenkins, of Manchester,  
delivered the address.

The Clinton ball team defeated  
Manchester by a score of 13 to 9, Fri-  
day afternoon.

Miss Bell, of Akron, was the guest  
of Miss Frances Housman over Sun-  
day.

Mr. and Mrs. P. Smith entertained  
Attorney Candebush, of Chicago, on  
Decoration day. He was formerly a  
college roommate of Mr. Smith.  
Howard Spangler is attending the  
State Sunday School convention at  
Findlay, this week.

# Spring Fever.

Spring fever is another name for bil-  
iousness. It is more serious than most  
people think. A torpid liver and in-  
active bowels mean a poisoned system.

If neglected, serious illness may fol-  
low such symptoms. DeWitt's Little  
Early Risers remove all danger by  
stimulating the liver, opening the bow-  
els and cleansing the system of im-  
purities. Safe pills. Never gripe. "I  
have taken DeWitt's Little Early Risers  
for torpid liver every spring for  
years," writes R. M. Everly, Mounds-  
ville, W. Va. "They do me more good  
than anything I have ever tried."
